## ECZELIEF CREAM 50G

Contains sufficient oil to stay on the skin and is very good at sealing in moisture.

However, they are less greasy to touch and able to stay for long hours. It has been formulated to seal the water into your skin!

# INGREDIENT

**Olive Wax** – Offers significant improvement in both moisture of the skin, through moisture barrier improvement.

**Shea Butter** – Help to heal scars, moisturizing the skin, accelerating cell renewal and supporting circulation.

**Aloe Vera Oil** – An effective moisturizer which can increase the water content in the top layer of the skin (the epidermis). Several studies have shown that Aloe Vera can reduce infections and calms itchiness

**Lavender Essential Oil** – The oil's antiseptic, antibacterial, and anti-fungal properties benefit mild cases of eczema as an all-around restorative agent.

**Tea Tree Essential Oil** – Anti-inflammatory properties can lessen irritation, antifungal properties can help reduce itching, antibacterial properties can reduce infection and preventing it from spreading

## HOW TO APPLY ECZEMA CREAM?

First wash and dry your hands. This is really important – so you don't rub anything that's already on your hands onto your or others skin.

Squeeze out the right amount of cream or if it's in a pot use a small wooden spatula or spoon.

Smooth the eczema cream gently into the skin in the direction that hair grows. Don't rub in an up and down or circular motion as this may cause irritation. It's not a problem if you can still see some on the surface, it will soak in after a bit of time.

## ECZEMA RELIEF SOOTHING BODY WASH (MUGWORT) 500ML

Our Eczema Body Wash is a powerful all-natural treatment specially formulated to help alleviate symptoms of eczema, psoriasis, dermatitis, and other severe dry skin conditions, however, all skin types can benefit from this ultra-hydrating formula and generate soft, smooth, and supple skin.

## INGREDIENT

Mugwort (*Artemisia vulgaris*); as known as Wormwood, the leaves, roots and flowers are much sought after for used in herbal medicine. Due to its anti-inflammatory, antibacterial and antioxidants properties, more and more beauty products are designed to treat sensitive skin and other skin ailments, acne and oily skin type.

It is regarded as a soothing and healing ingredient for treating skin redness and skin sensitivities coupled with its good disinfecting effect which can relieve itching when used as bath.

Besides killing a wide range of bacteria and viruses on the body, this herb even has anti-aging benefits which helps to prevent dry skin and premature aging.

## HOW TO USE ECZEMA RELIEF BODY WASH?

Apply lukewarm water ensuring that your face, body, and/or other impacted areas are wet.

Pour a dime-sized amount of product and lather it up making sure it's soapy enough to apply across your impacted area using a shower glove, cloth, or freshly cleansed hand

Massage the body wash into your skin for 2-3 minutes to ensure ample time for the natural ingredients to absorb in your skin.

Rinse off soap residue with lukewarm water, then complete your routine by moisturizing with the Eczelief Cream and Body Oil

## ECZEMA RELIEF BODY OIL / BATH OIL 250ML

Filled with potent elements, it can be used to deeply purify the skin, penetrates pores and cleanses the skin from harmful impurities and soothes eczema and dry skin.

This blend helps cleanse your skin and lessen redness, irritation, itching and painful blisters and also helps relieve discomfort caused by psoriasis.

## INGREDIENT

### Niaouli Essential Oil

As a non-aggressive essential oil, it is highly recommended as a treatment for (eczema, psoriasis, herpes, etc.). It is used to help in the wound healing process

### Tea Tree Essential Oil

It helps to fend off infections caused due to damaged skin barrier that results from eczema. It has anti-inflammatory properties, which helps soothe redness and irritation on skin

### Lavender Essential Oil

With the acclaimed antiseptic and soothing properties, lavender oil addresses the eczema flare-ups from inside out.

## HOW TO USE AS BODY OIL?

Drop a few drops of body oil into your hands and rub it on after the lotion / cream. The oil helps to lock in hydration and moisturize your entire body for hours.

To enjoy its benefits, use sufficient amount of the blend and apply onto the affected area twice a day. The penetration of the oil will diminish psoriasis scars too.

If you are doing a spot treatment you can dab the oil directly onto the skin with a cotton bud.

## HOW TO USE AS BATH OIL?

You can use as bath oil in the shower. The first step is that you can pour 7-10 drops in your palms and rub them together while taking a bath with warm water.

## ECZEMA RELIEF SYNERGY BLEND OIL 10ML

Combination of Niaouli, Lavender and Tea Tree essential oils, all these 3 oils are well known for their antibacterial, antiseptic, antifungal, antiviral and anti-inflammatory properties.

It is the most effective cure to your eczema relief with a combination of our most powerful essential oils namely which often yield good results

# INGREDIENT

### Niaouli Essential Oil

Thanks to its cicatrizing properties, Niaouli is the ultimate healer !

It penetrates the pores and cleanses the skin from harmful impurities such as toxins, pollution and free radicals.

### Lavender Essential Oil

Lavender oil helps reduce inflammation and restore balance to skin.

It has exceptional anti-inflammatory and antiseptic properties and a good choice for people with sensitive skin.

It is so mild that you can even apply undiluted directly to your skin (just a drop or two) a few times a day until your eczema goes away.

### Tea Tree Essential Oil

Reduces symptoms associated with eczema with its anti-inflammatory & anti-itching properties

Tea Tree oil has antiviral properties to help prevent infection which is helpful for people with eczema & atopic dermatitis, as excessive scratching.

## HOW TO USE AS TOPICAL APPLICATION?

Drop a few drops of body oil into your hands and rub it on after the lotion / cream. The oil helps to lock in hydration and moisturize your entire body for hours.

## HOW TO USE AS COOL COMPRESS?

To help prevent sebum and crust from accumulating and to relieve inflammation, fill a small tub with cool water, add 1-3 drops of essential oil & stir. Using a clean cloth, soak into the mixture then squeeze of excess water and compress cloth onto affected areas. Do this several times a day.

## HOW TO USE AS DIY ECZEMA RELIEF SPRAY?

Mixing the blend with Calendula or Witch Hazel hydrosol. A ratio of 1:10 will be safe for this purpose.

This application style is great when you have to travel and can be used anywhere at any time.

## NEEM HERBAL SOAP 70G

Neem Soap benefits to the skin include moisturizing skin, relieving redness and itchiness caused by eczema flare-ups, psoriasis flare-ups, athlete's foot, ringworm.

Any skin condition that is thought to be from a fungal infection could benefit from Neem.

## INGREDIENT

Neem Extract Powder

Lavender Essential Oil

Sweet Almond Oil

Rosehip Oil

Frankincense Essential

## WHY NEED TO USE NEEM SOAP?

Neem leaves contain high levels of anti-inflammatory substances that are a natural treatment for eczema. Neem also has antibacterial and analgesic properties. You can wash /clean using this neem soap to affected areas.

## MOISTURISE DRY SKIN

A natural moisturiser, neem soap is actually hydrating for the skin. Unlike a lot of soaps, neem doesn't strip the skin off its natural oils and actually nourishes it. This is a great neem soap benefit, over other soaps.

## NATURAL INGREDIENT

Incorporating a neem soap in your shower time routine means using a natural and chemical-free product. It is able to deeply cleanse your skin, while protecting its barrier. It's completely natural, free from parabens and other irritating chemicals that'll leave your skin feeling sensitive.

## CAN BE USE FOR FACE AND BODY ✓

# BUYER REVIEW

u\*\*\*\*\*n

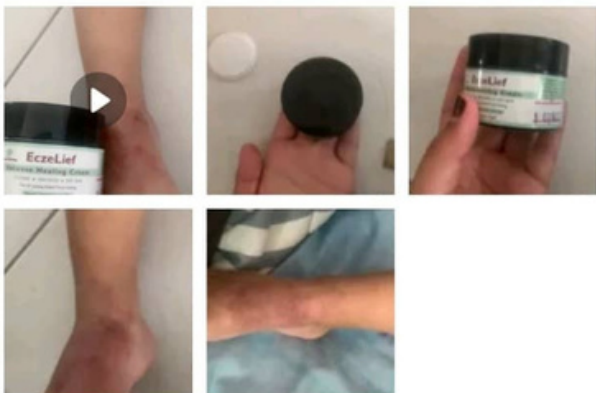

Variation: 50g

Skin Suitability:Great  
Absorption:Fast

Will come back after 1 week usage, hope can really heal my daughter eczema suffer. Bau freshing and nice.

\*After a week usage, her skin becomes better a lot, need to reapply after 4-5 hours to avoid extreme dryness. Can repeat again next time

sina1965

Variation: 150g

Skin Suitability:Very good  
Absorption:Very good

Bought biggest bottle as price is more worth. My eczema came back for 2 months. Scratched, peeled skin till bled. Painful. First use Eczelief very soothing, cured and skin smooth and cleared. Highly t recommended.

Variation: 150g Cream Only

Skin Suitability:really works for me.  
Absorption:easily absorbed.

DHL took a few days to deliver.  
smells really nice.  
really helps relieve my eczema.  
already purchased a few bottles and will stand by in case my skin gets irritated.

Variation: 150g

Received in good condition.  
Product quality tiptop. Works well for my eczema.  
Already bought for few times.  
Smells nice too.  
Cheaper compared to other healing cream.
